# Meaningful meeting experiences with ClickShare

ClickShare, the wireless meeting room system, seamlessly connects your laptop to the screen, audio and video devices in any meeting room, so you can focus on connecting to your co-workers.

Walk into the room with your laptop, plug ClickShare in and click. Your room system instantly wakes up. ClickShare automatically connects your laptop to the equipment in the room. No cables, no mess, no time wasted.

Start your meeting and attendees joining remotely feel as present as the people in the meeting room. Employees are engaged and productive while you enjoy efficiency, excellent ROI and peace of mind. You can run meetings from your device in perfect sync with your videoconferencing platform of choice and room solutions from a wide range of global partners and popular brands.

ClickShare comes in three ranges: wireless conferencing systems, all-in-one video bars, both for collaboration in hybrid meetings and wireless presentation for content sharing and interactive collaboration in face-to-face meetings.

## ClickShare Conference

Wireless conferencing solutions for hybrid meetings

## ClickShare Present

Wireless presentation for content sharing and interactive collaboration in face-to-face and hybrid meetings

## ClickShare Bar

Premium all-in-one video bars for wireless conferencing

### ClickShare ecosystem

ClickShare has 85 global alliance partners that ensure compatibility with the setup of your choice and offer you complete flexibility in the meeting space.

#### Know more

### Secure by design

With any ClickShare device you get the free SmartCare service package that includes 5 years of extended warranty and no replacement costs.

You can activate SmartCare for a ClickShare unit at any time within the first 6 months of the purchase. If the SmartCare package is not activated on time, a standard warranty of 1 year will apply.

### Safety, privacy and confidentiality

ClickShare has multiple, configurable security and encryption levels and our processes are in the ISO 27001 certification scope. Frequent firmware updates keep your data fully protected.

### Built-in sustainability

ClickShare devices are designed with a strong focus on energy efficiency, use recyclable materials and biodegradable packaging. All our products have the Barco ECO label A++. The ClickShare Bar range and the CX-50 2nd generation are carbon-neutral products.
