

Become Windows 11 Refresh Ready with TD SYNnex

To stay competitive and secure in the digital era, your customers need modern, current software and hardware. Move them to Windows 11 Pro devices before support ends for Windows 10 on October 14, 2025. The upgrade and migration to Windows 11 Pro together with Microsoft 365 is crucial to ensure they're secure, supported, and up to date.

Who We Are

The TD SYNnex Windows 11 Team is here to help guide you and your customers through every step of the device refresh journey. Our subject matter experts can assist with anything from answering questions to facilitating trainings and leading customer discussions. We want to ensure that your customers have a device migration plan in place ahead of Windows 10 EOS on October 14, 2025.

Why Choose Us

Business Development

We are committed to helping partners expand their client business by offering sales and marketing solutions to promote modern Windows 11 devices +M365 + Autopilot.

Wealth of Knowledge

Our team of Windows 11 ambassadors serve as an extension of the greater team at Microsoft. Additionally, we have close relationships with OEM and silicon vendor teams.

Funding Opportunities

Funding based on approval for end-user Windows 11 refresh sales and activities. This can include events, trainings, and marketing demand generation campaigns.
